2 Purpose and Goals

This agreement sets out the terms under which One Life Foundation will deliver Supported Independent Living (SIL) supports to the participant during their Medium Term Accommodation (MTA) placement (up to 90 days). MTA is transitional accommodation funded under the participant's NDIS plan while a longer-term housing solution is identified.

One Life Foundation is the SIL provider — responsible for delivering daily support services within the MTA property. The property itself is managed by a separate SDA/MTA provider under a separate agreement.

11 Section 73G of the NDIS Act

Is this participant subject to Section 73G?	*Yes / No*

Note: Section 73G of the NDIS Act refers to a participant who is provided with personal support in their own home and may experience a level of risk if the same individual

NDIS worker provides that support for an extended period. This risk is likely to be greater where the participant lives alone.

For participants subject to this requirement, One Life Foundation will:

- Document the assessment of the participant's risk factor using the Initial Assessment and Support Plan, Participant Disaster and Risk Assessment, and Participant Home Risk Assessment.
- Provide a copy of all assessments to the participant (unless they opt out) and retain a copy on file.
- Review the assessment annually or when the participant's circumstances change.
- Register the participant on the High-Risk Participant Register and delegate specific support workers accordingly.
- Ensure the Operations Manager reviews service implementation every 3 months by someone other than the support workers.
- Conduct face-to-face welfare checks at the participant's home (without the support worker present) to verify performance, safety, and wellbeing.

Risk Level	In-Person Welfare Check	Phone Welfare Check	Feedback Survey
Low Risk	Every 3–4 months	Monthly	Quarterly
Medium Risk	Every 1–3 months	Fortnightly	Quarterly
High Risk	Every 2–4 weeks	Weekly	Quarterly

Is this participant non-verbal or requires language translation?	*Yes / No*

If yes, refer to the Mode of Communication section on the Participant Disaster and Risk Assessment.

12 Emergency Preparedness

One Life Foundation will develop an emergency response plan to respond to any unplanned event that may cause death, significant injury, disruption to operations, or physical/environmental damage.

The Operations Manager or Supervisor will ensure that:

- An Emergency Evacuation diagram is available for each site.
- An Individual Disaster Management Plan is created for each participant using the Participant Disaster and Risk Assessment.
- All support workers are trained on emergency response procedures.
- Support workers receive a copy of the participant's individual disaster management plan so they are fully aware of the participant's health condition and required action plans.

The table below outlines the support provided to participants during and after emergencies. For more information, refer to the Emergency Response Plan and Participant Disaster and Risk Assessment.

13 Cancellation and Short Notice Policy

In accordance with the NDIS Pricing Arrangements and Price Limits:

- Cancellations with 2+ clear business days' notice — no cancellation fee.
- Short notice (less than 2 clear business days) or no-show — up to 100% of the agreed fee may be charged.
- One Life Foundation will attempt to reallocate the worker before charging a cancellation fee.
- No cancellation fee where the cancellation is due to circumstances beyond the participant's control (e.g. hospitalisation).
- If One Life Foundation cancels a support (e.g. staff illness), a replacement will be arranged where possible and no charge will apply for undelivered supports.

The participant confirms these cancellation terms were explained before signing.

14 Incident Management

One Life Foundation manages incidents in accordance with the NDIS (Incident Management and Reportable Incidents) Rules 2018:

- All incidents are reported, recorded, investigated, and reviewed.

- Reportable incidents (death, serious injury, abuse/neglect, sexual misconduct, unauthorised restrictive practices) are reported to the NDIS Commission within 24 hours.

Restrictive Practices

One Life Foundation does not use unauthorised restrictive practices. Where a Behaviour Support Plan includes regulated restrictive practices, these must be authorised through the relevant state process, documented in a current BSP by a registered practitioner, implemented only by trained staff, and reviewed regularly with the goal of reduction and elimination.
